This curly-haired "Kelaram" is a self proclaimed Casanova. A direct descendent of the Tamil poet Subramanya Bharathiyar, this guy can't even write his own name in Tamil. His sojourn for kelas started with a "Preity" face in his first semester to a "doubtful" damsel. His love for "Archies" ended up in a blind date with his wingies' area mate. We hope that this simple, easy going guy succeeds in life with at least a booming banana export business.

There are no two sides of an argument, if it is with Ramya. Even if you are right, at the end, she would convince you to accept her stance. Her vivacity has a charismatic charm which has made her the "Centre of Gravity" of an ebullient group of first yearites. She analyses things very practically and is very cool in handling grave situations. Ramya, fondly called Ramki, is serving as a member of the mess committee. We wish her success in all her future endeavours.

This extremely chubby, charming, cute, lovely girl from Holy Angels keeps calling herself "Miss. Beauty". With her favourite sport being sleeping, she has to her credit a long list of admirers. She enjoys solitude and loves admiring the night sky. This crazy fan of Bryan Adams and branded items believes in never going against her mom's decisions. She is also a self-proclaimed chess champion and sitar player. Looking forward to lead an independent and "quality" life, this Libran is all set to do research in Chemical engineering.

This five foot Casanova has a long history of attracting the opposite sex. This "touch me not" ends up spending most of his, and others' money on phone calls to a particular friend in Salem. This cheerful coordinator of CCTV shows a lot of interest in 'Veena', though he can't play it. This orthodox 'steam engine' spends his time doing 'Archanas' with 'Priya' (m), to a mysterious 'Mona Lisa'. Jokes apart, this versatile windows whiz, has 'wills' to make it big in his future endeavours.

The moment you hear the name Pavitra (Thaddi Tra), the very thing that strikes you is her passion for music and her voice. This loudmouth of the wing is the proud owner of the noisiest room in MB because of her blasting music. She argues hell a lot and has the best ability to convince the opponent. Being a hardcore B5-ite, she spends a lot of time in the Microwave lab. Her alarm wakes everyone in the wing except her. Before we could give her a BITSian name, she was adored by the guys as lolluP and PultP. Jokes apart, she is sweet, kiddish, emotional, hyperactive & an enthued Press Clubber. She is the Mumtaz (actress/dancer) of the wing who insists people to call her Pavi"TRA". Our best wishes to this Virgo as she is set to pursue her Masters in US. As we say...VO Pav!
